Why Choose Waikato University?

Why choose New Zealand for your education? Because it’s there you’ll find a culture of innovation, adaptability and risk-taking that is taking New Zealand forward in today’s global knowledge economy.

New Zealand’s reputation for innovation and adaptability is matched by an exceptional quality of life. Lack of pollution and the stunning diversity of scenery provide the perfect setting for work and play, and New Zealanders are known for their honesty, friendliness and openness.

Firmly positioned as one of New Zealand’s leading and most innovative universities, the University of Waikato, based in Hamilton (90 minutes south of Auckland), offers all students outstanding teaching and research opportunities. It is ranked in the top two per cent of universities worldwide and in the top 50 of international universities worldwide (Times Higher Education).

Waikato Management School is the business school of choice, respected nationally and internationally for our influential practice, relevant research, quality teaching and commitment to excellence. We are a member of an elite group of business schools that have earned “Triple Crown” status—an international acknowledgement of excellence in business education.
Introducing the Master of Professional Accounting

Are you looking to enhance your undergraduate study with a postgraduate programme of study in Accounting?

Accounting is often called the language of business. It underpins almost all business and organisational activities.

The Master of Professional Accounting (MPAcct) is designed for graduates of non-accounting disciplines who wish to broaden their career prospects. It will enable candidates to achieve the practical and theoretical knowledge, technical/quantitative and soft skills, and competencies to establish for themselves a career pathway to becoming a fully qualified chartered accountant.

The MPAcct aims to develop essential knowledge and skills in core areas of accounting and business with an appreciation of the social, environmental, cultural and ethical issues impacting on contemporary business environments. This programme will develop the capabilities required for successful contributions to public accounting practice, and commercial and government organisations.

The MPAcct is a full-time masters programme that starts in January 2015.

Completion of the MPAcct will enable you to meet the necessary academic requirements to obtain provisional professional certification with NZICA, CPA Australia and ACCA.

Membership with Internationally Recognised Accounting Bodies

Professional Accounting Bodies

All accounting graduates are encouraged to apply for provisional membership from one (or more) of our accredited professional accounting bodies, provided they meet all the academic requirements of each. Membership to any one of these three accounting bodies provides a professional qualification that is recognised both in New Zealand and around the world.

Association of Chartered Certified Accountants (ACCA)

ACCA is the global body for professional accountants. They offer business-relevant, first choice qualifications to people of application, ability and ambition around the world who seek a rewarding career in accountancy, finance and management. They are the largest and fastest-growing global body for professional qualifications in the world, with 162,000 members and 428,000 students in 173 countries.

www.accaglobal.com

Chartered Accountants Australia and New Zealand

We are a contemporary professional body, representing over 100,000 Chartered Accountants across the globe. We are the only trans-Tasman accounting body that is part of the 800,000 strong Global Accounting Alliance (GAA) and connected to Chartered Accountants Worldwide, a global network of over 320,000 Chartered Accountants in 180 countries.

CPA Australia

CPA Australia believes the work of professional accountants is fundamental to the stability, efficiency and sustainability of individual companies, financial markets and the economies of entire countries. We are one of the world’s largest accounting bodies with a membership of around 150,000 finance, accounting and business professionals. The CPA designation is recognised globally, with members in 121 countries.
